Pinecrest Manor is embarking on a new journey by implementing telemedicine. Telemedicine or Telehealth is the remote delivery of healthcare services such as health assessments or consultations over the telecommunications infrastructure.

BENEFITS OF UTILIZING TELEMEDICINE:

- Extended coverage when medical provider is not physically in facility.
- Staying abreast with current medical technology.
- Potential reduction of hospital and Emergency Department transfers.
- Two-way video conference done in real time with provider and resident/family.
- The cart has the ability to conference in several individuals to be involved in their loved one's care via telemedicine.
- Evaluation at the bedside.
- Telemedicine meets both state and federal regulations, along with industry standards.
