## LABORATORY SERVICES

### Quick, Convenient and Accurate Bloodwork

Penn Highlands Healthcare offers a range of lab services at convenient locations throughout Pennsylvania.

In hopes of making your laboratory visit as quick and convenient as possible, walk-ins are welcome at most locations. View the complete list of our lab draw locations on the back of this card. In preparation for your visit, please bring your photo identification, most recent insurance card and your paper order along with you.

Our full-service inpatient and outpatient testing facilities are staffed by certified medical technologists, technicians and phlebotomists. This highly experienced team performs tests that help your provider in identifying, diagnosing and treating health problems and conditions.

Our labs also are equipped to collect urine drug screen specimens according to local, state and federal regulations.

The service includes directed blood donations for elective surgical patients. Please call the hospital lab where your surgery is scheduled to learn their donation sites.
