FAMILY MEDICINE RESIDENCY

The Family Medicine Residency Program has received continued accreditation (April 2022) and osteopathic recognition (July 2021) from The Accreditation Council for Graduate Medical Education (ACGME).

The [Penn Highlands Healthcare Family Medicine Residency Program](#) offers inpatient and outpatient training to prepare residents for a career in primary care.

We proudly support outstanding educational experiences, including vibrant wellness and didactic curriculum.

Penn Highlands Healthcare is concentrating its efforts and resources on educating osteopathic and allopathic family physicians prepared to meet the demands of rural health care.

SPECIALTY UNITS:

- ICU
- CVICU
- The Heart Center
- The Lung Center
- Hahne Regional Cancer Center
- NICU
- Level II Trauma Program (*under construction*)

Our **Residency Training Sites** are continuity of care clinics with the Brookville Rural Health Center in Brookville, PA and the Family Medicine Residency Clinic in DuBois, PA.

With a competitive benefit package, comfortable and safe communities and the beauty of the Pennsylvania Wilds, there is not a better place to begin your medical career!

Important Facts About Penn Highlands Healthcare

- A eight-hospital system with one mission: to improve regional access to primary care and advanced health service, while supporting quality of life for our community members.
- Community teaching hospital
- One-on-one training with attending physicians

Penn Highlands Healthcare is implementing a \$180 million Master Facilities Plan designed to enhance access to critical services and advanced care for the residents of Northwestern/Central and Southwestern Pennsylvania.

The Master Facilities Plan triggers more than twelve major expansion and renovation projects to modernize, improve and expand upon the services we offer patients at our seven hospital campuses and numerous outpatient facilities in the 39-county region we serve.
